OFQUAL
REGULATED
QUALIFICATION

Hello.

I'm Natalie, the Training Administrator here at the MLA and your main point of contact throughout your Qualification.

The MLA is proud to offer a Level 4 Qualification in General Locksmithing Skills which is regulated by OFQUAL and ABBE approved.

To gain such high credentials, you have to pass our examinations. Once passed, you'll have the accreditation of being a QML (Qualified Master Locksmith) opening up extra membership benefits and putting you one step ahead of your competitors. These Exams are not for those who are just starting out. We suggest taking your exams once you are confidently locksmithing and have finished a number of our training courses, giving you the best shot of passing first time.

If you believe you have what it takes to become qualified, then don't hesitate to get in contact!

“

In my later years, I undertook the MLA Exam and passed the QML exam, which turbocharged our business to a whole new level...

The MLA has helped boost my own confidence. To be tested and accepted by your peers based on your knowledge and skill is an amazing feeling. The feeling of accomplishment to pass the QML is second to none. The next logical step after your QML is to become an approved company. Which comes with its own added benefits.

LLOYD MORGAN, LONDON LOCKS

”

About the MLA Qualification

Demonstrate your skills and knowledge by passing our Ofqual recognised level 4 MLA exam certified by ABBE (the Awarding Body of the Built Environment).

Why take the MLA Qualification?

- ✔ Upon passing the exam you will gain a Level 4 certificate in General Locksmithing Skills, which is the highest locksmithing qualification you can achieve in the UK.
- ✔ MLA personal members will become Qualified Master Locksmiths (QML) upon attaining the Qualification, making them one step closer to becoming MLA Approved Companies.

What is involved in the MLA Qualification?

- ✔ The qualification is exam based consisting of four timed modules covering fitting, opening, key cutting by hand and a written paper; and can be taken with or without coaching.
- ✔ You can sit one module at a time to make completing a qualification manageable and affordable.

➤ [More info Page 4](#)

Who should take the MLA Qualification?

- ✔ The Qualification is ideal for anyone who is a working locksmith.
- ✔ We recommend at least 2 years experience as a locksmith before attempting to take the MLA Qualification.
- ✔ You don't need to have completed any MLA training courses to take the exam, but our courses can help you develop the skills necessary to pass.
- ✔ All MLA registered members are required to pass the MLA exam within 4 years of membership.

How can I prepare for the exam?

- ✔ Our **Qualification Preparation Day** is a great way to learn more about the exam and to practice the skills you'll need to pass.
- ✔ Our **Level 2 Opening** course will help you Master British Standard 5 Lever mortice locks ahead of the opening module of the MLA qualification
- ✔ Our **Locksmith Qualification Programme** is ideal for complete beginners, giving you the training and resources needed to become a Qualified Master Locksmith (QML)

➤ [More info Page 6](#)

➤ [More info Page 9](#)

➤ [More info Page 8](#)

The four modules of the MLA Qualification

1. WRITTEN PAPER

Time allowed
1 hour

50 short questions of which some may require a sketch.

- ✓ The questions will be a broad spectrum of locksmithing, including safes, access control and lever & pin tumbler mechanisms
- ✓ The written paper may be undertaken at a regional meeting, at the discretion of the examination board and by prior arrangement with HQ.

2. PRACTICAL - OPEN A BS 5 LEVER MORTICE LOCK

Time allowed
¾ hour

- ✓ The lock will be one in common use and can be opened by drilling or manipulation.
- ✓ If opened by drilling, then a maximum 7-8mm single hole is allowed and you'll need to identify the lock in order to pass.
- ✓ If a 6mm hole is drilled then you can pass without having to identify the lock.
- ✓ Marks will be awarded for correct identification together with the level of skill demonstrated.

3. PRACTICAL - FIT A EURO MORTICE DEADLOCK TO A DOOR

Time allowed
1 ¾ hours

- ✓ You'll be required to fit a euro cylinder operated deadlock with security escutcheons and box striker to a door.
- ✓ This is a test of your carpentry skills and lock-fitting jigs will not be allowed.
- ✓ Please be aware striker plate must be fully fitted in order to pass. Marks will be awarded according to the level of skill demonstrated.

4. CUT A STEPPED (LEVER) KEY

Time allowed
1 hour

You (the candidate) will be given a customers Union/Chubb detainer range 3G110 and asked to cut a key by hand using your chosen method. The combination of levers must not be modified. You'll be given a genuine blank and you may have a second blank issued if required (but no more). **This is a test of bench skills using hand tools only. Not key machines.**

- ✓ Basic facilities are available, such as vices and blanks but you are to provide the hand tools required to complete the task.
- ✓ Key and lever reading type gauges (e.g. depth keys or step gauges) are not allowed although Vernier callipers can be used.
- ✓ Your key must be of sufficient standard to operate the lock using your usual method of finishing.
- ✓ The lock must work with the original key on completion.
- ✓ Your step cuts and spacing must be a faithful reproduction of the manufacturers' original with particular regard to stepped heights, spacing, finish and radius.

Ways to take the MLA Qualification

MLA Qualification | 4 Modules

Our tutors will provide guidance before each subject to help you understand what's required to pass. The modules are spread over two days, with two modules scheduled on each day.

If you fail a module, you may have the opportunity to re-sit it on the same day, depending on time and at the tutors discretion. This option is not available with the FAST TRACK Qualification.

Day 1 = 2 Modules

Day 2 = 2 Modules
